CM says Bar associations should discuss burning issues plaguing the country to find solutions

Basavaraj Bommai, who inaugurated the Kaanuru Soudha and the silver jubilee celebrations of Saraswati Law College in Chitradurga, says judiciary and legislature should work in tandem

The Hindu Bureau HURBALLI

Chief Minister Basavaraj Bommai has said that there is a need for discussions on burning issues plaguing the country in the Bar associations of the Supreme Court, the High Courts and the lower courts to come up with solutions to them. He was inaugurating the Kaanuru Soudha and the silver jubilee celebrations of Saraswati Law College in Chitradurga on Wednesday.

Emphasising on the need for both the judiciary and the legislature to work in tandem, he said that both were interdependent and they should tread the path together. Although the legislature is vested with the responsibility of framing legislation, it should ensure that they were in line with the Constitutional precepts and equality, he said. Mr. Bommai also emphasised on the need to frame laws without ambiguity so as to serve a clear purpose and to reduce the number of litigation. He said that while the rules of natural justice stressed on truth, religion, help and giving priority through such acts, the man-made laws spoke only about punishment. India with a rich history is now in need of people with good character, he said. Referring to the changed political scenario, the Chief Minister said that as per the changed expectations, politicians are expected to focus on development for 50 months out of the 60 months of their tenure and do politics only for one month. On the construction of advocates to the freedom movement, he said that they played a pivotal role in the unification of the State also. During the freedom struggle a number of high-rioters were involved in the law-making process but gradually their numbers came down and now less than 25% among advocates are in politics, he said. Mr. Bommai promised that he will release a grant of Rs 2 crore towards establishing a PG Centre at Srirangapatna and do politics only for one month. The government will also look into the issues of establishing a discipline to look into academic, finance and administrative issues of law colleges and the issue of hostels for law students. Ministers Govind Karjod, Byrati Basavaraj, KSRTC Chairman and M.L.A. A. Chandrashekhara, Legislative Assembly T. Raghunathurthy and Member of Legislative Council Ravikumar and others took part in the silver jubilee celebrations of the college.

Burning issues of country must be discussed in bar assns: Bommai

Number of litigations in the courts must lessen, he says

CHITRADURGA, DHNS

Chief Minister Basavaraj Bommai has stressed that burning issues of the country must be discussed in the bar associations of the Supreme Court, high courts, and lower courts, and also solutions should be found for the same. Speaking after inaugurating the Kaanuru Soudha and silver jubilee celebrations of Saraswati Law College here on Wednesday, he said, both legislature and judiciary are interdependent, and both must go forward jointly. While a new legislation is framed by the legislature, the legislators need to observe many things as it must be in accordance with the Constitution. There must not be any scope for confusion in laws, and should be formed with a clear purpose, he noted. The chief minister said, the number of litigations must reduce. At the same time, the advocates must act with humanity. There are differences between natural justice and man-made laws. While natural justice stresses on truth, religion, helping others, and thereby giving 'punya', the man-made laws speak of only punishment as per law, he said. Penalty is imposed for violation of the law. India has a rich history but what it requires is people with good character. The country has a number of acharyas (gurus) to preach morality, and that needs to be practised, he noted. "Focus on devpr" Bommai said, politicians must not do politics all the time. They must focus on development for 50 months, and do politics for one month in their five-year term. All responsible political parties must understand this. "While a politician looks for the next election, a statesman thinks of the next generation." They must explain the values to the coming generation," he stressed. He said, Saraswati Law College has produced a good number of law graduates to provide legal assistance to the people of Central Karnataka. The advocates played a pivotal role in the country's freedom movement and the State Unification movement. A number of barristers were in the midst of formulating laws during the freedom struggle, but that number decreased drastically. Today, less than 0.25% of advocates are in politics, he rued. Nevertheless, the chief minister assured to release a grant of Rs 2 crore towards establishing a PG Centre of Saraswati Law College. The government will also ponder over establishing a separate discipline to look into academic, finance, and administrative issues of law colleges and release a separate hostel for the law students, he added. M.L.C. Ravikumar, Minister Govind Karjod, T. Raghunathurthy and Byrati Basavaraj, KSRTC Chairman & M.L.A. Chandrashekhara, and others were present.

TWO -DAY NATIONAL CONFERENCE
 on
RELEVANCE OF UNENUMERATED RIGHTS WITHIN THE CONSTITUTIONAL FRAMEWORK

DATE: 10th & 11th AUGUST 2023
VENUE: RAMAIAH COLLEGE OF LAW, BANGALORE

ABOUT THE UNIVERSITY:
 Karnataka State Law University was established in the State of Karnataka in 2009, with the avowed purpose of providing quality legal education. It is only one of its kind and is the single largest Law University in the country, affiliating 108 law colleges including its own Law School at the main campus in Hubballi. It is making all efforts to professionally orient students by including appropriate components for the promotion of legal education in Karnataka.

The vision of the University is, "To transform Karnataka State into a legally conscious society, by providing quality legal education that is professionally competent and socially relevant so as to realize the constitutional primordial goal of social, economic and political justice and secure human rights to every common man. Strive to promote the culture of law and justice in the institutions of state, non-state organisations and every individual by providing informal legal education, training and legal service. Above all, inculcate in everyone a spirit of high moral and human values." In this endeavour, to realise the vision for excellence in professional legal education and research, the University is putting in untiring efforts through academic and extension activities.

In this direction, the Law University is organizing a Two Day National Conference at five different zones with 6 collaborating law colleges of that zone. The following institutions are identified as collaborative institutions for Bangalore Zone -2:

- Ramaiah College of Law, Bangalore.
- Saraswathi Law College, Chitradurga.

ABOUT THE CONFERENCE:
 Constitution is an organic document enumerating a body of fundamental principles and institutions guiding the affairs of a State. The Constitution of India is the supreme law of the land and has always adapted itself to meet the needs of the society at all times. Therefore, it has always been an instrument of social transformation. The Fundamental rights enshrined in the Constitution guarantee basic rights and fundamental freedoms to all. When it comes to unenumerated rights they are nothing but basic rights inferred from other rights, that are implied within the framework of the Constitution. Through the pro-active role of the judiciary, they are given wide interpretation touching upon different arenas close to different dimensions of human rights jurisprudence.

In this context, Karnataka State Law University is organising a "Two- Day National Conference on Relevance of Unenumerated Rights Within the Constitutional Framework", which will provide a platform for participants and delegates to share their views and thoughts for the enhancement of knowledge in law. It will enable the academicians, jurists, legal practitioner, social scientists and policymakers to understand and analyse the changing scenario of constitutional jurisprudence on unenumerated rights.
