As is the custom every year, for the academic year 2024-25, the village of Jodichikkenahalli Gollarahatti was identified for a one-week NSS (National Service Scheme) camp. Under the leadership of the college's Physical Education Director, T.C. Murugeshappa, students studying in various courses and classes at the college voluntarily participated in the camp. Starting from 17.04.2025, intended programs such as various cleaning activities, a free medical checkup camp, informing villagers about government facilities, and various awareness programs were conducted for a week, concluding on 23.04.2025.

Every year, the camp undertakes the task of ensuring that the villages where the camp is held are provided with basic amenities and other government facilities of which they have been deprived. Accordingly, for the valedictory ceremony of the program on the final day, dated 23.04.2025, Judge M. Vijay, Member Secretary of the District Legal Services Authority, Chitradurga District Court, was invited. He was informed about the current shortcomings in the village, specifically that there has been no government transportation system for the village for about 75 years. Responding to the appeal, Judge M. Vijay, Member Secretary of the District Legal Services Authority, instructed the concerned authorities to verify this matter and take necessary action. As a result, the concerned officials took appropriate measures and arranged a government bus for the transportation of the people of Jodichikkenahalli village.

Due to this effort, the transportation system, which had been a primary demand of the villagers of Jodichikkenahalli for about 75 years, was established through the NSS camp organized by Saraswati Law College. This effort received widespread appreciation, and the public representatives, leaders, and villagers of Jodichikkenahalli village expressed their gratitude to the camp participants with great enthusiasm.
